What is MoIP?

MoIP is the ultimate mobile dialler for your Android smartphone to save you loads of money on your international calls over your WiFi or 3G connection.

How do I download MoIP?

From your PC

Go to our MoIP download link <http://www.uaecaller.com/phoneserve/mobile/>

Select your phone type and model and click on the button 'download' to get the application on your PC.

Finally, you can transfer MoIP to your phone if you have your mobile software suit installed on your PC.

Directly on your Android phone

Go to our MoIP download link m.uaecaller.com on your handset browser.

Select your handset type, model and click on the download button to start the download process as shown in the following pictures:

Step 1: Select your handset type by clicking on the drop-down menu

Step 2: Select your handset model on the next drop-down menu

Step 3: Click on the 'download' button to get your free MoIP app.

How do I install MoIP?
